

Dear Chhangnonim,

Hope and pray that you and your family members are all doing well. Also the Pastor and the members of Heaven Hope Church are doing well.

All my family members got fever and throat infection two weeks back. We all had Antibiotics for these. It was such a challenging physically and spiritually when everybody is in sick bed. We are thankful for every circumstances in our life.

After Five Children Day Camp in five difference location was the youth camp was held in Khotang District. Two days motorcycle ride (more if travel in public transportation). It was the most dangerous ride ever I had with multiple accidents. My partner got fracture in right ankle and knee when we ride back. There were about 100 youths gathered for three days camp. **29 precious souls got saved** during the camp. Physically extremely exhausted but the souls that got saved during the camp paid it all.

The Second Youth Camp was held in Nawalparasi District. There were 70 youths came for the camp. **40 souls got saved** during this camp.

All together there **184 souls got saved both in five children day camps and two youth camps.**

PRAYER CONCERNS:

1. Let's **remember all these 184 souls that got saved in our prayer.** Especially these souls needs discipleship.
2. Please **pray for the Christmas program for my young Church.** We are planning to invite our Hindu friends and neighbors to give out Christmas message.
3. Join with me in **prayer for the needs to buy Off-Road motorcycle.** My present motorcycle is on -road so I am always facing problems riding in off-roads. As almost all the roads in Nepal are off.

Because of Calvary,
Koshilning
